

#27 Nikon Type Microscope Mount Set

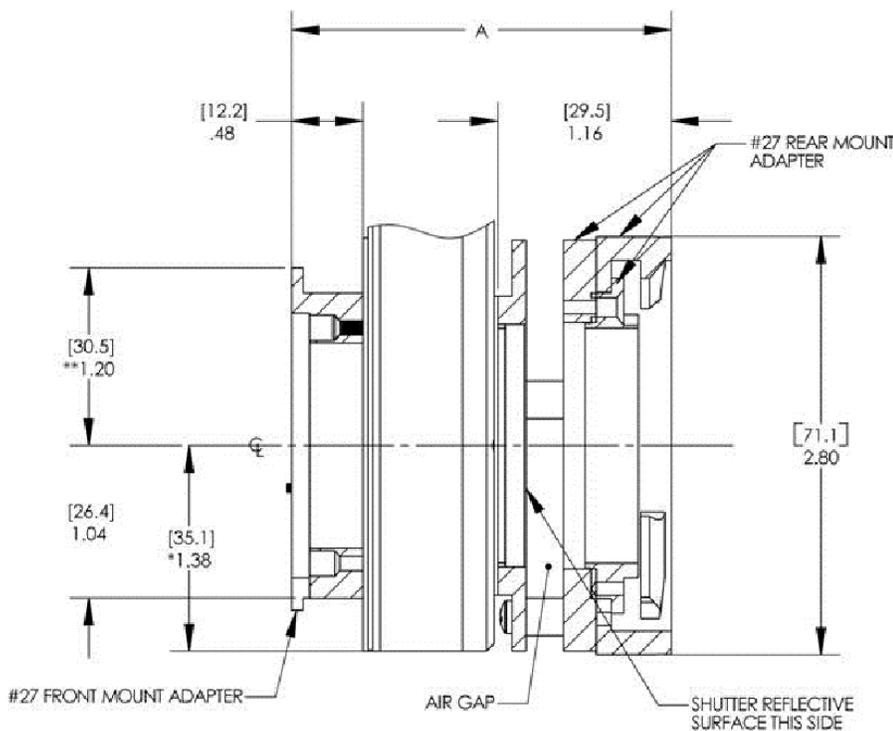

Overview

- The #27 mount set adapts specific housing types to the Nikon type microscopes.
- No modification to the microscope should be necessary. This mount set is a replacement for the #22 mount set.
- The housed versions of the VS, LS, and XRS series shutters, as well as the CS25 and CS35, can be configured with this mount set type. A clearance cutoff (1.38in/35.1mm from the aperture center) is provided with the VS series only.
