

Uniblitz® 7F

Connector (2 Pack)

Overview

The Uniblitz® 7F connectors are 7-Pin Wirepro female connectors with a hood and cable clamp. They can be used to connect to a shutter terminated with their male counterpart, the 7M connectors (Wirepro male connector).

Two (2) 7F connectors are included in this set.

Key Features

- Length: 1.38" (34.9 mm)
- Compatible with Uniblitz shutters equipped with 7-pin male Wirepro connectors (7M)
- Set includes two (2) 7F female connectors.
