

# Uniblitz® 7M

## Connector (2 Pack)

### Overview

The Uniblitz® 7M connectors are 7-Pin Wirepro male connectors with a hood and cable clamp. They can be used to connect to a shutter terminated with their female counterpart, the 7F connectors (Wirepro female connector).

Two (2) 7M connectors are included in this set.

### Key Features

- Length: 1.38" (34.9 mm)
- Compatible with Uniblitz shutters equipped with 7-pin female Wirepro connectors (7F)
- Set includes two (2) 7M male connectors.
