Datasheet

Uniblitz® 710R/F

Foot-Activated Remote Shutter Release

Overview

The Uniblitz® 710R/F is a foot-activated remote shutter release that connects to select Uniblitz shutter drivers through a BNC connector. It is ideal for remote, manual, foot-activated operation of shutters connected to the VED24 or VCM-D1 shutter drivers.

Key features

- Cable length: 10.0 ft (3.0 m)
- Remote, manual operation of shutters on the VED24 or VCM-D1
- Foot-activated remote switch to male BNC connector
- RoHS compliant

Specifications

Remote release	
Cable length	10.0 ft (3.0 m)
