Datasheet

Uniblitz® #100

Mounting Ring

Overview

The Uniblitz® #100 mounting ring is a mounting flange for mounting the housed versions of the VS, LS and XRS series, and the CS35 (or any series with a 1.625 in × 40 TPI external thread), to a flat surface.

The ring attaches to the flat surface, and the shutter then attaches to the ring by the housing's rear thread (1.625 in × 40 TPI).

Key features

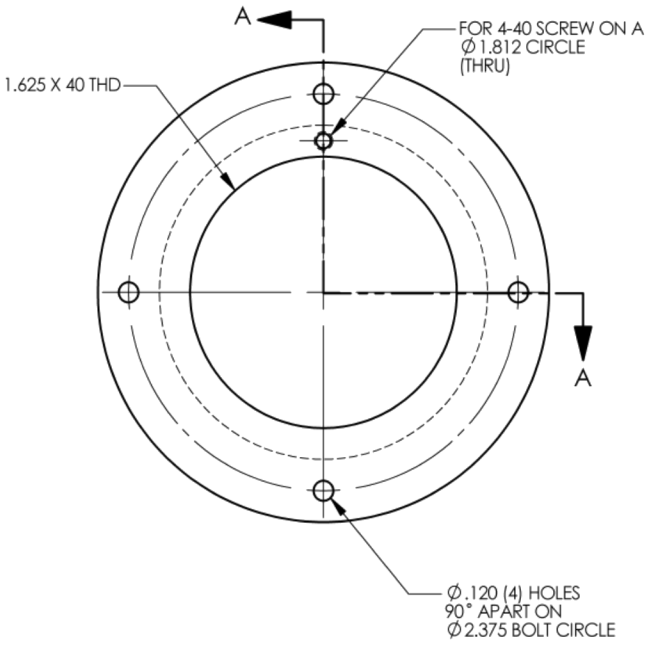

- Fits shutters with 1.625 in × 40 TPI external threads
- Anodized aluminum construction
- RoHS compliant

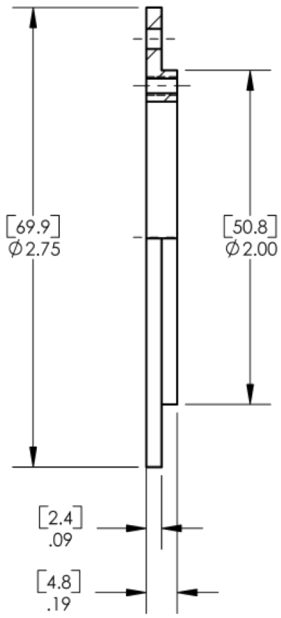

Specifications

Mount	
Thread	1.625 in × 40 TPI
Shutters	Housed VS, LS and XRS series; CS35
Material	Anodized aluminum
